If you're a new Indian horror geek like myself you're going to really enjoy this movie, you may even find yourself wanting to make a trip out there to see it! In our reviews, some of the major points for the movie are: Great acting, amazing visuals, well-written scenes, and a great storyline.. All of the characters have a very real story to tell the viewer but the film has its own unique visual style that stands out from other films, it's a very visual approach of showing all around London, the world, and some of its characters. All of that together makes this movie really a fun experience, whether you're new to Indian movies or an all-around fan of them this one might help you learn and understand different Indian culture.. The story centers around a young girl of Indian descent who wanders into England as part of her job as an Indian maid at a boarding school. The school is a refuge for a child who's in deep, dark waters because of her heritage and what has happened, and this girl struggles to find help and find a home.
